

OPEN HOUSE!

We will be opening the doors at Mazak Europe HQ on the 20th – 22nd November for our Open House event!

Across the three days we will be demonstrating high precision machining solutions featuring influential industry guest speakers.

Save the date!

FEATURED MACHINES

QT-COMPACT & QUICK TURN

QT-COMPACT series

The QT-COMPACT Series offer a range of high accuracy, high performance CNC Turning Centers. An extensive range offering a compact and cost-effective solution for turning, milling, Y-axis, and second spindle capability.

[FIND OUT MORE >>](#)

QUICK TURN series

Offering high performance turning centres that make complex parts accurately and with reduced set up time. Equipped with the new Smooth Mill Drive turret with BMT or VDI tooling interface and 5000 or 10000rpm capability.
