SEE YOU AT EMO

EMO 2019 will mark a new age of discovery for machine users, with 27 state-of-the-art Mazak machines, including seven world and two European debuts, all in live cutting action.

We look forward to welcoming you to **Hall 27, Stand B52**.

DISCOVER MORE WITH MAZAK™

HCN 5000

DISCOVER HCN

Mazak's leading HCN series delivers outstanding performance, precision and reliability, allowing manufacturers to reach maximum productivity working with any type of material. Containing a variety of high-performance features, including a high-power spindle, ballscrew cooling and a two pallet changer, these machines provide extremely wide machining areas for handling large workpieces, and require minimal floor space.

INTELLIGENCE AT YOUR FINGERTIPS

MAZATROL SMOOTHX

Yamazaki Mazak's SmoothX is the seventh generation of its MAZATROL CNC. A revolution in machine tool control, it is the culmination of a 10 year development programme with three major objectives: to offer maximum ease of operation, reduce machining times and further integrate CNC into the overall factory management system.
