DISCOVER MORE AT EMO

EMO 2019 will mark a new age of discovery for machine users, with 27 state-of-the-art Mazak machines, including seven world and two European debuts, all in live cutting action.

Productivity will be our key theme, with 15 machines equipped with integrated automation, along with demonstrations of our iSMART factory and IoT solutions.

As the premier show for all things manufacturing, you'll always find us demonstrating what the future of machining looks like – **this year you'll find us in Hall 27, Stand B52.**

Discover how the factories of the future will be more connected than ever before, thanks to advancements in iSmart factories and **Smooth** Technology.

DISCOVER MORE WITH MAZAK™
