“I would recommend my apprenticeship – it’s a great way to learn, work and earn.”

Harry Fuller – Mazak Sheet Metal Apprentice

Q&As

When can you start an apprenticeship?

You can start an apprenticeship any time after finishing GCSE stage. If it’s straight from school or a few years down the line.

What was the recruitment process like?

The recruitment process is very thorough however nothing too intimidating. It involved testing my practical skills, theory based knowledge and an interview.

Do you get paid to do an apprenticeship and do you get holidays?

Yes to both.
